INTRODUCING THE NEWEST LIFT  
IN THE AQUA CREEK LINE-UP...

# THE REVOLUTION™!

500lb CAPACITY

No other lift offers such versatility;  
come and join the Revolution!

## THE REVOLUTION™ LIFT

Aqua Creek has developed another innovative and versatile lift designed for use on BOTH in ground and above ground pools and spas! This innovative new lift takes many of the features customers have been requesting the most: a versatile lift that can be adapted to most pools and also can accommodate heavier patrons! That's right; the NEW REVOLUTION™ has a weight capacity of 500 lbs (204 kg)! That is 100 lbs (45 kg) more than the standard weight capacity of most of the lifts on the market today! With the addition of the Revolution™ to Aqua Creek's product offerings there really is no reason to go to any other manufacturer for all your aquatic lift needs.

### Standard features include:

- **500 lbs (204 kg)** weight capacity!
- All stainless steel construction
- Dual flip-up arms
- Removable and adjustable foot rest
- A full 360° powered rotation in either direction!
- 24-volt rechargeable battery operation
- 5 year structural and 5 year pro-rated electronic warranty
- Ability to service two pools or spas in close proximity
- Durable epoxy powder coating
- Adjustable lap belt
- Set back ranges from 10 to 40 inch (25 to 101 cm)
- Ability to clear a 30 inch (76 cm) high wall
- Ship weight 305 lbs (139 kg)

## THE LIBERTY LIFT™

The Liberty Lift™ is a battery powered, commercial grade platform lift. When not in use, the platform tilts quickly and easily out of the way, so the entire pool can be utilized for therapy or recreation.

### The Liberty Lift™ Features:

- UV Resistant powder coat finish
- Concrete anchor system
- Stainless Steel construction
- 400 lbs (181kg) lifting capacity
- Submergible remote handset
- Ships via common carrier
- Ship weight 550 lbs (249kg)
- A spacious 36" x 41" (91 x 104 cm) platform
- 24-volt rechargeable battery operation
- 5-year structural and 5-year pro-rated electronic warranty

F-091LLB The Liberty Lift™ 24v Platform Lift

### Accessories and Add-ons

F-093LLC The Liberty Lift™ Safety Cover

F-095LLA The Liberty Lift™ Additional Pre-set anchor

## AQUATIC FLOTATION AID, ADULT

This Aqua Flotation Aid Adult is wonderful for those who need extra assurance while in water. This flotation device is perfect for any therapy institute to allow patients to build muscle strength. The Aquatic Flotation Aid Adult comes complete and ready for use. Different mesh colors available upon request.

F-90AFA-A Aquatic Flotation Aid, Adult

## STRETCHER, ALL TERRAIN FLOTATION.

Aqua Creek is here to provide you complete access, so we have added the All Terrain Stretcher to our line of wonderful products. This Stretcher is medical grade and has a 450lbs weight capacity. The All Terrain Stretcher is made of Durable Non-corrosive PVC and is great for the beach.

### Standard Features Include:

- 450 lbs weight capacity
- Durable Non-corrosive PVC construction
- 76" L x 40" W x 34" H
- 21" internal width (Resting Surface)
- 25" Outside wheel width
- 2-Swivel and 2 Rigid Wheels

F-078ATS      Stretcher, All Terrain Flotation.

## WHEELCHAIR, 2 WHEEL ALL TERRAIN, FLOTATION

Aqua Creek's new Two Wheel All Terrain Wheelchair is here to help provide better access to beaches, and areas with soft soils. This chair is less cumbersome than the Beach Access Chair but provides many of its great features. This medical grade chair quickly disassembles for easier storage or transferring.

### Standard Features Include:

- 250 lbs (113kg) weight capacity
- Breaks down for easier storage
- Durable Non-corrosive PVC construction
- High Flotation Heavy Duty Wheels
- Flip up arms
- 20" (51cm) between arms
- 43" Outside wheel clearance

F-075ATC      Wheelchair, 2 Wheel All Terrain, Flotation

## BEACH ACCESS CHAIR

This sturdy light-weight all-terrain chair allows easier access in sand, snow, and other soft soils. Four balloon flotation tires give the chair extra stability that resists tipping and corners better than three wheel designs. The unit comes standard with single motion park brakes, safety belt, umbrella, sliding footrest, storage bag and comfortable cushion seat. The chair quickly disassembles into three pieces for easy transport.

### Standard features include:

• Durable non-corrosive PVC construction	• Stainless steel hardware
• Non-corrosive nylon wheel bearings	• Spacious storage bag
• 250 lb (113kg) weight capacity	• Comfortable cushion seat
• Anti-tip design	• 6' (1.8m) 8 panel umbrella
• Sliding footrest	• Ship weight 160 lbs (73kg)
• One year warranty	

F-014BAC      w/2 articulated wheels

F-013BAC      w/4 large wheels

## TODDLER TRAINING PLATFORM

This light-weight and affordable training platform provides the ability to safely train youngsters how to swim by raising the floor of the pool to a less intimidating depth building confidence in the child and facilitating easier learning. Multiple units may be joined for larger training classes.

### This platform features:

- Durable lightweight PVC construction
- Weighted ballast legs
- Adjustable height legs
- Weight capacity of 250 lbs (113kg)
- Removable rails

F-200TTP      Toddler Training Platform

F-210PSR      Optional 2nd Side Rail

### Options include:

- Additional side rail
- Added height adjustable legs
- Ships via common carrier

Different options available, call us for specifics

## PVC SHOWER/COMMODE CHAIR

The PVC Shower/Commode Chair is a very sturdy, lightweight commode chair designed to provide dignified and easy access to facility showers and commodes. Very sturdy construction and easy to operate and maneuver.

### Standard features include:

- Deluxe commode seat
- 300 lb (136kg) weight capacity
- Width between arms 18" (45cm)
- Overall size 38.5"H x 22"W x 22.75"D (98x56x57cm)
- One year warranty
- Extra wide zinc casters
- Seat depth 18" (45cm)
